Q: Scrapy, AngularJS getting a 404 This is my first time I'm trying Scrapy and I'm trying to get some information from an AngularJS application. I'm not sure what I'm doing wrong, but I keep getting a 404 for the angular pages. This is the Scrapy page that I made, and it looks like this: import scrapy from scrapy.contrib.linkextractors import LinkExtractor from scrapy.selector import Selector from cat.items import CatItem class CatSpider(scrapy.Spider): name = 'cat' allowed_domains = ['EJPRIMS2.com'] start_urls = [] def parse(self, response): sel = Selector(response) items = [] next = response.css('li.active.nz-active') if next: for element in next: url = element.css('a::attr(href)').extract_first() item = CatItem()

Rainforest Air Conditioning - Garvin O If you have ever come home from a long day, and headed straight to your favorite chair in the living room, and let's face it, this is the only place where you are going to be able to relax, and put your feet up, you know how frustrating it can be to come home to the house being hot or cold and not be able to regulate the temperature. This problem can be easily solved by installing a quality air conditioner. An air conditioner is a great way to get more out of your home in the summertime, and to save some money during the wintertime. But there are some things to look for in a quality air conditioner, which is why we went to work on producing a huge list of the best air conditioners on the market today. Features f678ea9f9e
